

MICROTEK

ScanMaker® 5600

**Reviewers
#1 Choice in
Scanners!**

Inspiring images, expanding imaginations.

Scan Directly into Microsoft® Office®

With Microtek's integrated OCR, scanning documents into Word®, Excel®, PowerPoint® and Outlook® is easier than ever before. By integrating the award-winning ABBYY FineReader Sprint OCR application into Microtek's ScanWizard 5, we have made a sometimes difficult process into one step for you.

- 99% accuracy
- Scans in color
- Keeps columns
- Checks spelling

Affordable 4800 x 2400 dpi, 48-bit Scanning

The ScanMaker 5600 features a true optical resolution of 4800 x 2400 dpi by using Microtek's Sigma Six™ CCD (Charge Coupled Device) technology. With six rows of CCD sensors — twice the sensors of other scanners — the ScanMaker 5600 scans intricate details with the highest degree of accuracy.

Sigma Six

Scan 4 Photos at a Time

Beyond the impressive speed of the ScanMaker 5600, you can also take advantage of Microtek's 4-Up™ Scanning to save time when you need to scan multiple photos! You can even choose to have them scanned in as separate files! Just put your photos on the bed, select your images in the preview window and let ScanWizard 5 handle the rest! With the ScanMaker 5600, you can scan up to 4 photos at a time and get the job done up to 4 times faster!

How Does Microtek Offer This Exceptional Value?

- 20 years of developing and manufacturing a full range of scanners from \$99 to \$15,000.
- Microtek is the world's largest scanner manufacturer: We are able to source components at the lowest possible cost and pass those savings on to you.
